The Monster House has a
SECRET!!

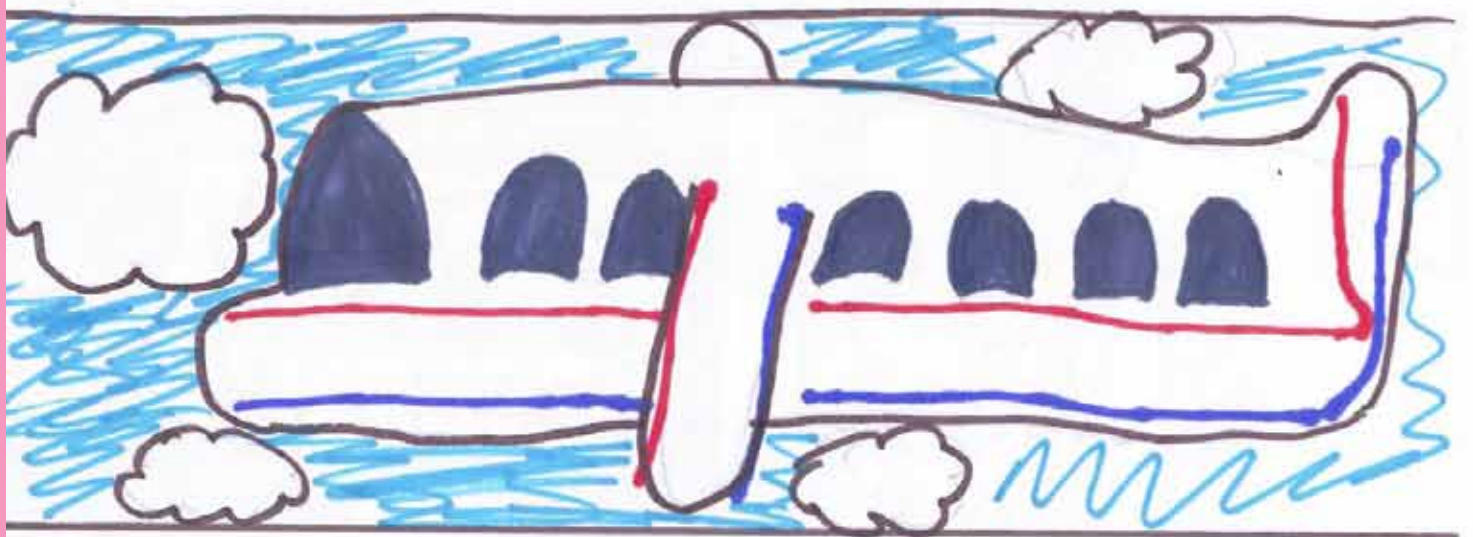

SCARY OUTSIDE NORMAL INSIDE

It has secret treasure that has cursed many

Years water

This is Tommy he lives in the jungle and is a SUPERHERO

And that's what he did.

travelled 10,000 miles from the jungles in Australia to rainy Scotland to help save people in need.

Bonjour

Aloha

The thing Super Tommy could do that most of the explorers of the Monster House couldn't do was speak other languages disarm the curses.

He came out 3 hours later with a chest full of five million in fifty pence pieces. He gave portions of the money to the most needy in society like food banks, hospitals and children's homes.

The ICING Adventures!

By Rebecca McNally

Suddenly lightning struck
Cocoa!

One day in Dessertia,
thunder and lightning struck
the land.

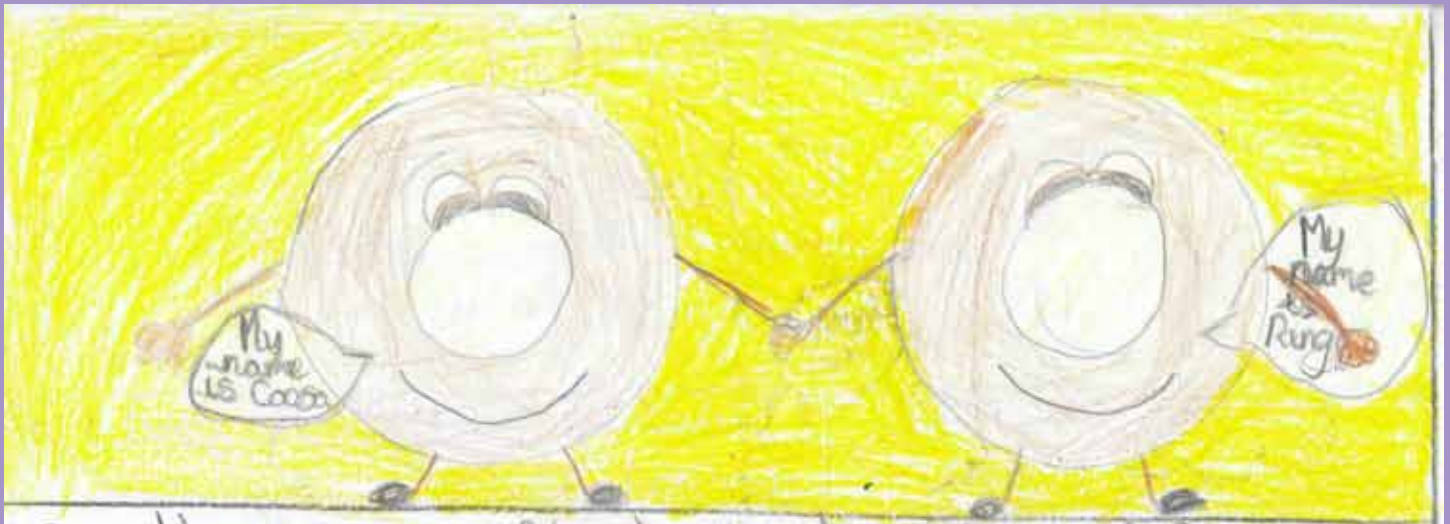

HE LOST HIS ICING!

Until a kind ray friend came
along. He didn't have eyes
like!

A few days later, when
people found out about his icing,
they started to call him...

So they became friends, and after a few days of getting to know each other they became **BEST FRIENDS!**

And because they both didn't have any icing, they decided to become.....
Wizards? So that they could find the ingredients to make icing.

They were going to make THE BEST ICING EVER! but they were wondering how they could do it!?

They had 3 options, their houses, the bakery or a... CAVE!

They didn't have any money so they decided to try their own homes.

First they decided to try the bakery...

So first they tried Cocoa's house... But no one was home.

So they tried Ringo's house... Nothing they needed could be found.

They only had one more option...

THE TUNNEL!

Dun Dun DUNNN!

It was almost on top of the planet's most DANGEROUS mountain! Oh No!

They didn't think they would find anything, but it was their only choice left, so they decided to give it a go!

A few days later

days they to make icing

Eventually they got into the tunnel, and were so surprised to see all of the ingredients that they needed, lying about the place!

And they all lived
happily ever After!
